Sustainable development

Pakistan:* draft resolution

Oil slick on Lebanese shores

The General Assembly,

Recalling its resolutions [61/194](#) of 20 December 2006, [62/188](#) of 19 December 2007, [63/211](#) of 19 December 2008, [64/195](#) of 21 December 2009, [65/147](#) of 20 December 2010, [66/192](#) of 22 December 2011, [67/201](#) of 21 December 2012, [68/206](#) of 20 December 2013, [69/212](#) of 19 December 2014, [70/194](#) of 22 December 2015, [71/218](#) of 21 December 2016, [72/209](#) of 20 December 2017, [73/224](#) of 20 December 2018, [74/208](#) of 19 December 2019, [75/209](#) of 21 December 2020 and [76/199](#) of 17 December 2021 on the oil slick on Lebanese shores,

Reaffirming the outcome of the United Nations Conference on the Human Environment, especially principle 7 of the Declaration of the Conference,¹ in which States were requested to take all possible steps to prevent pollution of the seas,

Emphasizing the need to protect and preserve the marine environment in accordance with international law,

Taking into account the 1992 Rio Declaration on Environment and Development,² especially principle 16, in which it was stipulated that the polluter should, in principle, bear the cost of pollution, and taking into account also chapter 17 of Agenda 21,³

Reaffirming its resolution [70/1](#) of 25 September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development”, the Paris Agreement

* On behalf of the States Members of the United Nations that are members of the Group of 77 and China.

² *Report of the United Nations Conference on Environment and Development, Rio de Janeiro, 3–14 June 1992*, vol. I, *Resolutions Adopted by the Conference* (United Nations publication, Sales No. E.93.I.8 and corrigendum), resolution I, annex I.

³ *Ibid.*, annex II.

adopted under the United Nations Framework Convention on Climate Change,⁴ recalling the Sendai Framework for Disaster Risk Reduction 2015–2030,⁵ which highlights the importance of improving preparedness and national coordination for disaster response, rehabilitation and reconstruction, and post-disaster recovery and reconstruction, supported by strengthened modalities of international cooperation, and recalling also its resolution 71/256 of 23 December 2016, entitled “New Urban Agenda”, acknowledging that, in implementing the New Urban Agenda, particular attention should be given to addressing the unique and emerging urban development challenges facing, inter alia, countries affected by natural and human-made disasters,

Welcoming the declaration entitled “Our ocean, our future, our responsibility” as adopted by the General Assembly in its resolution 76/296 of 21 July 2022, which underlines the interlinkages and potential synergies between Goal 14 and the other Sustainable Development Goals, as well as the importance of halting and reversing the decline in the health of the ocean’s ecosystems and biodiversity and of protecting and restoring its resilience and ecological integrity,

Noting with great concern the environmental disaster caused by the destruction by the Israeli Air Force on 15 July 2006 of the oil storage tanks in the direct vicinity of the Jiyah electric power plant in Lebanon, resulting in an oil slick that covered the entirety of the Lebanese coastline, extended to the Syrian coastline and hindered efforts to achieve sustainable development, as already highlighted by the General Assembly in its resolutions 61/194, 62/188, 63/211, 64/195, 65/147, 66/192, 67/201, 68/206, 69/212, 70/194, 71/218, 72/209, 73/224, 74/208, 75/209 and 76/199,

Noting that the Secretary-General expressed grave concern at the lack of any acknowledgement on the part of the Government of Israel of its responsibilities vis-à-vis reparations and compensation to the Government and people of Lebanon and the Syrian Arab Republic affected by the oil spill,

Recalling that, in paragraph 5 of its resolution 76/199, it reiterated its request to the Government of Israel to assume responsibility for prompt and adequate compensation to the Government of Lebanon and other countries directly affected by the oil slick, such as the Syrian Arab Republic, whose shores have been partially polluted, and recognizing the conclusion of the Secretary-General that this request of the General Assembly has yet to be implemented,

Acknowledging that the Secretary-General concluded that this oil spill is not covered by any of the international oil spill compensation funds and thus merits special consideration, and recognizing that further consideration needs to be given to the option of securing the relevant compensation from the Government of Israel,

Acknowledging also the conclusions on measuring and quantifying the environmental damage set out in the report of the Secretary-General,⁶

Noting again with appreciation the assistance offered by donor countries and international organizations for the clean-up operations and the early recovery and reconstruction of Lebanon through bilateral and multilateral channels, including the Athens Coordination Meeting on the response to the marine pollution incident in the Eastern Mediterranean, held on 17 August 2006, as well as the Stockholm Conference for Lebanon’s Early Recovery, held on 31 August 2006,

Acknowledging that the Secretary-General has welcomed the agreement of the Lebanon Recovery Fund to host the Eastern Mediterranean oil spill restoration trust

⁴ See [FCCC/CP/2015/10/Add.1](#), decision 1/CP.21, annex.

⁵ Resolution 69/283, annex II.

⁶ [A/77/272](#).

fund, under its existing mechanism, and expressing concern that to date no contributions have been made to the trust fund,

1. *Takes note* of the report of the Secretary-General;
2. *Reiterates*, for the seventeenth consecutive year, its deep concern about the adverse implications of the destruction by the Israeli Air Force of the oil storage tanks in the direct vicinity of the Lebanese Jiyah electric power plant for the achievement of sustainable development in Lebanon;
3. *Considers* that the oil slick has heavily polluted the shores of Lebanon and partially polluted Syrian shores and consequently has had serious implications for livelihoods and the economy of Lebanon, owing to the adverse implications for natural resources, biodiversity, fisheries and tourism, and for human health in the country;
4. *Acknowledges* the conclusions in the report of the Secretary-General, in which he stated that studies show that the value of the damage to Lebanon amounted to 856.4 million United States dollars in 2014, and requests the Secretary-General to urge United Nations bodies and agencies and other relevant organizations involved in the initial assessment of the relevant environmental damage to undertake, within existing resources, a further study, building on, inter alia, the initial work of the World Bank presented in the report of the Secretary-General submitted to the General Assembly at its sixty-second session,⁷ with a view to measuring and quantifying the environmental damage sustained by neighbouring countries;
5. *Reiterates its request* in this regard to the Government of Israel to assume responsibility for prompt and adequate compensation to the Government of Lebanon for the aforementioned damage and to other countries directly affected by the oil slick, such as the Syrian Arab Republic, whose shores have been partially polluted, for the costs of repairing the environmental damage caused by the destruction, including the restoration of the marine environment, in particular in the light of the conclusion contained in the report of the Secretary-General that there remains grave concern at the lack of implementation of the relevant provisions of the resolutions of the General Assembly on the subject vis-à-vis reparations and compensation to the Government and people of Lebanon and the Syrian Arab Republic affected by the oil spill;
6. *Reiterates its appreciation* for the efforts of the Government of Lebanon and those of Member States, regional and international organizations, regional and international financial institutions, non-governmental organizations and the private sector in the initiation of clean-up and rehabilitation operations on the polluted shores, and encourages Member States and the above-mentioned entities to continue their financial and technical support to the Government of Lebanon towards achieving the completion of clean-up and rehabilitation operations, with the aim of preserving the ecosystem of Lebanon and that of the Eastern Mediterranean basin;
7. *Welcomes* the agreement of the Lebanon Recovery Fund to host the Eastern Mediterranean oil spill restoration trust fund, based on voluntary contributions, to provide assistance and support to the States directly and adversely affected in their integrated environmentally sound management, from clean-up to safe disposal of oily waste, of this environmental disaster resulting from the destruction of the oil storage tanks at the Jiyah electric power plant;
8. *Notes* that in his report the Secretary-General urged Member States, international organizations, international and regional financial institutions, non-governmental organizations and the private sector to intensify their support for Lebanon in this matter, particularly for recovery and rehabilitation activities on the

Lebanese coast, reiterates its invitation to States and the international donor community to make voluntary financial contributions to the trust fund, and in this regard requests the Secretary-General to mobilize international technical and financial assistance in order to ensure that the trust fund has sufficient and adequate resources;

9. *Recognizes* the multidimensionality of the adverse impact of the oil slick, and requests the Secretary-General to submit to the General Assembly at its seventy-eighth session a report on the implementation of the present resolution under the item entitled "Sustainable development".
